JOB SKILLS

- Adept professional with **extensive experience** in **.Net Core, C#, ASP.Net, MVC, and REST APIs**
- Led and developed web front end & back-end applications using technologies like **Angular, jQuery, JavaScript, HTML5, REST APIs & Microservices**
- Strong control over designing and developing backend functionalities in **SQL Server** with various database objects like **stored procedures, functions, views, and triggers**
- Well versed in cloud-based technologies like **AWS EC2, RDS, S3, SQS, SNS, Lambda, Dynamo DB**, **Azure AD, Application Insights**.
- Worked extensively on **Client interaction** and **requirement gathering**, and development as per **functional specifications**.
- Good Knowledge of **object-oriented programming**, various **design patterns** and **application development architectures**
- Skilled in agile and scrum work environment – daily scrum, sprint planning, review, and retrospective meetings

TECHNICAL SKILLS

Back End	.Net Core, C#.Net, ASP.Net, MVC, Ado.Net, Entity Framework
Front End	JavaScript, jQuery, Angular 8, HTML5, CSS
Web APIs	REST API, Microservices, Web Services, WCF
Databases	SQL Server, PostgreSQL, DynamoDB, SQLite
AWS	EC2, RDS, S3, SQS, SNS, IAM, DynamoDB, Lambda, API Gateway
Azure	Active Directory, Application Insights
Version Control	Git, SourceTree, GitLab, DevOps Repo
Task Management	DevOps, Jira
IIS Servers	IIS 4.0 to 7.0
Tools	Postman, Swagger
Frameworks	.Net Framework 2.0 – 4.8, .Net Core 2.2 – 3.1, .Net 6

EXPERIENCE

Apr 2021 – Present

Development Team Lead Web Applications
Tieto Evry India Pvt Ltd, Bengaluru, India

- Building back-end services (**REST APIs, Microservices**) for web applications
- Comprehensively delivering web applications in **.Net Core, MVC & ASP.Net** under Windows environment
- Integrating **SQL server, DynamoDB, PostgreSQL** with APIs for data communication with front end
- Integrated **Azure App Insights** for the performance and monitoring.
- Clarifying and understanding project requirements and translating them into detailed tech specifications using **Azure Devops**.
- Leading team, refactoring, deployments, code reviews, code complexity reduction

Achievement
- Developed dynamic light weight report columns configuration control and report info section using HTML 5, jQuery for business-critical reports.
- Integrated Azure Application Insights which improved performance & usability

| *May 2019 – Mar 2021* | **Senior .Net Developer** |
| | Communication Crafts, Ahmedabad, India |

- Managed Australian Client accounts as a Lead Full Stack Developer responsible for complete management of front end/backend Web Applications using **Dot Net Core 3.3, Angular 8, HTML5, jQuery, AJAX, PostgreSQL** followed by testing and deploying using CI/CD on cloud platform (**AWS EC2, ECS**)

Achievement
- Worked on AWS cloud service like **AWS EC2, S3, CloudWatch, Lambda Fuctions**
- Helped BAs and Stakeholders By integrated Grafana Charts/Power BI reports to display comparative financial and stock metrics
- Raised revenue up to 30 % by integrating Stripe payment gateway for the online payments.

| *Apr 2018 – Apr 2019* | **Senior Software Engineer** |
| | WeCreate, Ahmedabad, India |

- Crafted Backend **REST APIs** in .Net Core framework as per the business requirements
- Designed and developed **table schemas, stored procedures, views, functions** in SQL Server 2016 as per the Backend APIs**.**
- Facilitated support to **mobile development** team by creating mobile native (**SQLite**) SQL queries.

| *Jan 2010 – Mar 2018* | **Development Team In charge** |
| | ReliableSoft Technologies Pvt Ltd, Jodhpur, India |

- Crafted 3 tier web applications using **ASP.Net, C#.NET, ADO.NET**, Client oriented services using **Web Services (SOAP) and WCF** followed by deployment/configuration on **IIS servers**.
- Designed and developed **table schemas, stored procedures, views, functions** using SQL Server 2008, R2 as per the business requirements**.**
- Responsible for work planning, task assignment, development meetings and status reporting, critical error resolving.
- Integrated multiple Payment Gateways (Paytm, PayU Money, CC Avenue, Atom) as per client requests.

EDUCATION

| *July 2003 – Aug 2008* | Master of Computer Applications (**MCA**) | Jai Narain Vyas University, Jodhpur (India) |
| | Bachelor of Science (**B.Sc. in Computer Science**) | |

CERTIFICATIONS
- Microservices Certification
- MVC Certification
- Angular 8 Certification

ORGANIZATIONAL SKILLS
- Provide updates to **top management, lead** and **co-ordinate** with team members
- Confident, **articulate**, and **professional** speaking abilities (and experience)
- **Empathic** listener and persuasive speaker
- Influencing, leading, and **delegating** abilities
- **Leadership** - Managed teams of multiple resources
